Sotheby's INTERNATIONAL REALTY | Canada

Features – 1580 Lands End Road

- Cascadia – A residential work of art
- Designed by Daniel Boot of Studio DB3
- Interior design by Ines Hanl of The Sky is the Limit Design
- Lead builder and millwork by Gorter Construction
- A functional home designed in three zones, three levels and three pavilion roofs anchored by a central cantilevered staircase
- Curved roof pavilions with clerestories and reflected roof surfaces ensure that the house has ample natural light, all year round
- Steel & concrete construction with extensive glass
- Main level living, including primary bedroom
- Four-hundred year old reclaimed wood harvested from the Great Lakes was used for some of the main floor millwork including the kitchen cabinetry, power room accents and the massive double doors that lead to the master suite
- Concrete is used extensively on the outside structure but is predominately inside as well with polished concrete floors, exposed interior wall finishes on partitions, as a base for the kitchen infinity island and the focal fireplace.
- Stainless steel is used in the kitchen plus sculptural hood fan.
- Powder room features a stainless-steel toilet
- Raw steel was used in horizontal cladding, support beam for reclaimed wood bar and as a structure for the powder room vanity.
- Display cabinets in the kitchen mirror the glass corner windows and doors
- Kitchen custom bar cabinet has stacked raw edge glass inserted into the concrete. It has bespoke glass countertops and backsplash
- Sub-Zero fridge, Miele wall ovens, Fagor Cooktop, built-in coffee maker

Exterior

- Multiple decks including a patio off the kitchen with built-in barbecue and wood burning fireplace
- Dramatic man-made stream from the upper deck, incorporating a formed concrete table down with waterfall to the lower pool deck
- Mature landscaping
- Lower patio with 82’ infinity swimming pool
- Approximately 625’ ocean frontage.
